IT WORKS! REFRESH

DAILY CLEANSING GEL WITH CHAMOMILE

FREQUENTLY ASKED QUESTIONS

Why should I add It Works! Refresh to my skincare routine?

It Works! Refresh removes build-up from the surface of your skin to reveal the clean, fresh, luminous-looking skin beneath. Apply it in the morning and evening to help remove make-up, lift excess oil, and gently remove the build-up of dirt. After cleansing your skin, It Works! Refresh then calms and soothes it for a daily dose of simplified skincare that leaves you feeling fresh and glowing.

What are the key, active ingredients in It Works! Refresh?

Some of the key ingredients in It Works! Refresh include:

- **Chamomile and Calendula** – Calming and nourishing ingredients that soothe your skin
- **Green Tea** – Refines the appearance of pores without drying out your skin

When and how do I use It Works! Refresh?

It Works! Refresh is an essential first step in both your daytime and evening skincare routines. Wash your hands and face in warm water, then apply a small amount of the product to your hands before lathering and massaging it into your skin. With a gentle, soap-free formula that removes dirt, oil, and make-up without causing dryness, It Works! Refresh leaves skin feeling fresh, clean, and calm.

Can I use It Works! Refresh on my body?

It Works! Refresh is a multi-purpose product that works wonders on both your face and body. It can be used for all-over cleansing and doubles as an effective shaving lather that leaves skin feeling soft and smooth.

Why does this product not include PEGs?

It Works! Refresh contains a greener, cleaner alternative to PEGs that gently cleanses your face and skin without any harsh chemicals. This PEG alternative is a plant-based, biodegradable sugar surfactant that cleans well and forms foam to leave skin feeling soft, smooth, and fully cleansed.

Is It Works! Refresh formulated for a specific skin type?

It Works! Refresh is suitable for most skin types and is perfect for both men and women. Anyone can add It Works! Refresh to their skincare routine, but we do not recommend using It Works! Refresh on sunburned or damaged skin.
